How to make a no-sew arm warmers

By: sewella

http://www.burdastyle.com/projects/how-to-make-a-no-sew-arm-warmers

This is an easy way to do a little recycling and make yourself nice arm warmers with no sewing (or just a bit of it) out of a pair of old tights or socks.

Materials

tights

Step 1 — Find your tights

For this you need a pair of tights.

Step 2 — Cut

Cut off the feet.

Step 3 — Measure

Measure the length you want them to be.

Step 4 — Done!

And that's it! Now if you like you may serge the edges. I didn't because I like the way they look.

Step 5 — How to use the rest

You can use the rest to make a diaper cover and bracelets (necklaces).
